Rate & Fee Schedule and Truth in Savings Disclosures

Effective Date: 10/01/2024

These Truth in Savings Disclosures set forth current conditions, rates, fees and charges applicable to your Savings, Checking, and Certificate Accounts at Connection Credit Union at this time. The Credit Union may offer other rates and fees or amend the rates and fees contained in this schedule from time to time. Each account holder agrees to the terms set forth on these Truth in Savings Disclosures and acknowledges they are part of the Membership and Account Agreement.

12 month	3.928 %	4.000 %				
24 month	2.960 %	3.000 %				
36 month	2.472 %	2.500 %				

TRUTH IN SAVINGS DISCLOSURES

Except as specifically described, the following disclosures apply to all of the accounts above.

1. Rate Information. The Dividend Rate and Annual Percentage Yield on your accounts are set forth above. For all accounts except certificates, the Dividend Rate and Annual Percentage Yield may change monthly as determined by the Board of Directors. For Certificate accounts, the Dividend Rate and Annual Percentage Yield are fixed and will be in effect for the term of the account. For Certificate accounts, the Annual Percentage Yield is based on an assumption that dividends will remain on deposit until maturity. A withdrawal of dividends will reduce earnings.

Youth Money Market accounts are tiered rate accounts. The Dividend Rate specified for a tier will apply only to the portion of the account balance that is within that tier. The range of annual percentage yield(s) (which vary depending on the balance in the account) are shown for each tier.

2. Nature of Dividends. Dividends are paid from current income and available earnings after required transfers to reserves at the end of a dividend period. The Dividend Rates and Annual Percentage Yield set forth above are accurate as of the Effective Date, which the Credit Union anticipates paying for the applicable dividend period.

3. Dividend Compounding and Crediting. Dividends will be compounded and credited as set forth above. For dividend bearing accounts, the Dividend Period begins on the first calendar day of the period and ends on the last calendar day of the period.

4. Accrual of Dividends. Dividends will begin to accrue on all deposits on the business day you make the deposit to your account. If you close your account before accrued dividends are credited, accrued dividends will not be paid.

5. Balance Information. The minimum balance required to open each account and earn the stated Annual Percentage Yield is set forth above. If you do not maintain the minimum balance, you will not earn the stated Annual Percentage Yield. For all accounts, dividends are calculated by using the Daily Balance method, which applies a daily periodic rate to balance in the account each day.

6. Account Limitations. For Share Savings, Star Savings, Money Market Savings and Business/Organizational Savings accounts, no more than six (6) pre-authorized, automatic, or telephone transfers may be made from these accounts to another account of yours or to a third party in any month, and no more than three (3) of these six (6) transfers may be made by check, draft, or debit card to a third party. If you exceed these limitations, your account may be subject to a fee or closed. For Money Market accounts, the minimum withdrawal amount is \$500 per withdrawal.

7. Certificate Account Features.

- a. **Account Limitations.** After your account is opened, you may not make additional deposits to a Certificate account.
 - b. **Maturity.** Your Certificate account will mature on the maturity date set forth on your Account Receipt or Renewal Notice.
 - c. **Early Withdrawal Penalty.** We may impose a penalty if you withdraw any of the principal of your Certificate account before the maturity date.
 - i. **Amount of Penalty.** The amount of the penalty equals 90 days' dividends on the balance of the entire certificate.
 - ii. **How the Penalty Works.** The penalty is calculated as a forfeiture of part or all of the dividends that have been earned. If the account has not yet earned enough dividends or if the dividend has already been paid, the penalty will not be deducted from the principal.
 - iii. **Exceptions to Early Withdrawal Penalties.** At our option, we may pay the account before maturity without imposing an early withdrawal penalty under the following circumstances: when an account owner dies or is determined legally incompetent by a court or other body of competent jurisdiction. Where the account is an Individual Retirement Account (IRA) and any portion is paid within seven (7) days after establishment or where the account is an IRA and the owner attains age 59½ or becomes disabled and begins making periodic withdrawals.
 - d. **Renewal Policy.** Certificate accounts are automatically renewable accounts. Automatically renewable accounts will renew for another term upon maturity. You have a grace period of ten days after maturity in which to withdraw funds in the account without being charged an early withdrawal penalty.
- 8. Nontransferable/Nonnegotiable.** Your account is nontransferable and nonnegotiable. The funds in your account may not be pledged to secure any obligation of an owner, except obligations with the Credit Union.
